Child Safeguarding Risk Assessment

In accordance with section 11 of the Children First Act 2015 and with the requirement of Chapter 8 of the *Child Protection Procedures for Primary and PostPrimary Schools (revised 2023)*, the following is the Written Risk Assessment of
Swords Educate Together N.S.

Important Note: It should be noted that risk in the context of this risk assessment is the risk of “harm” as defined in the Children First Act 2015 and not general health and safety risk. The definition of harm is set out in Chapter 4 of the *Child Protection Procedures for Primary and Post- Primary Schools 2017*

List of School Activities	The school has identified the following risk of harm in respect of its activities –	The school has the following procedures in place to address the risks of harm identified in this assessment -
Pupils with Special Educational Needs(SEN)	In the case of special needs pupils where resource hours and assistance are sanctioned on an individual basis staff may work with children in SEN rooms on a one to one basis. They may also be required to assist in toileting and/or specific care needs.	Glass panels in doors and between SEN rooms increasing visibility within the room. (See Special Needs Policy).
Supervision	The school’s supervision policy will be followed by all staff to ensure that there is comprehensive supervision of children at all breaks, at assembly/morning and home time.	A rota will be displayed in the administration area/staff room to cover morning and lunchtime breaks. See Supervision Policy for agreed rules around break-times and procedures around teacher absences.
Swimming	Children in our school do not attend school organised swimming classes at present but should this become a practice at any time in the future due regard will be given to this in this statement.	
Toilets	Access to toilets has been identified as a potential risk. Children who require additional assistance with toileting shall do so in relation to NCSE Guidelines.	It is school policy that two children are permitted to enter the toilet area at a time. Children who need to use the toilet during yard time must seek the permission of the teacher on yard. Senior class pupils monitor entry to the toilet area at Exit Door A and at 1st Class door. Toilets are not generally used during First Break (10.20-10.30). During yard time the toilets in the PE area beside Exit Door A and those in 1st Class will be used.
Toileting Accidents	Within all primary schools there is the possibility of toileting accidents and this has been identified as a potential risk.	Clean underwear and suitable clothing will be kept in the school so that if a pupil has an ‘accident’ of this nature, they will in the first instance be offered fresh clothing into which they can change. If the pupil for whatever reason cannot clean or change themselves and the parents/guardians cannot be contacted,

		<p>the child will be assisted by members of staff familiar to the child. In all such situations, two members of staff should be present. Class teacher will communicate this to parents and guardians and to the principal.</p> <p>It is school policy to call a Parent/Guardian if a child soils themselves in school and requires intimate care. In the unlikely event of failing to make contact, staff will follow the procedures as above. Soiled clothes will be sent home in a sealed bag. All accidents of this nature will be reported to the Principal and Parents/Guardians.</p>
Visitors	The Board of Management have identified potential risks in the visitors/outside agencies that arrive unannounced throughout the day.	All scheduled/unscheduled visitors to the school are expected to report to the office on arrival. They will be furnished with a Swords Educate Together National School visitor badge to be displayed on their person.
Drop off/Pick up Daily arrival and dismissal of Pupils.	The Board of Management have acknowledged the risks to children's safety within the drop off and pick up of children throughout the day.	The drop-off/pick-up of children throughout the teaching day will be processed through the school office. The school must be notified in advance if anyone other than the parent is collecting the child and if there are any changes to pick up arrangements. Senior Management and SET teachers supervise the children's entrance at the gate and doors of school in the morning. In the evenings teachers accompany their classes to the gates of the school where the junior children are collected by the appointed person.
Visitors/Guest Speakers	The Board of Management and staff have identified the potential risks to children in relation to Visitors/Guest Speakers to our school.	Visitors/Guest speakers should never be left alone with pupils. The school (principal/teachers) has a responsibility to check out the credentials of the visitor/guest speaker and to ensure that the material in use is appropriate. Vetted guest speakers and visiting teachers of varying disciplines, employed by the Board of Management of Swords Educate Together National School to perform specific duties, will only be left to work with a class alone at the Principal's discretion following consultation with senior management.
Intimate care needs	The Board of Management and staff have identified the potential risk to children who have specific/intimate care needs.	In all situations where a pupil needs assistance with toileting/intimate care, a meeting will be convened, after enrolment and before the child starts school, between parents/guardians, class teacher, special needs assistant, Principal and if appropriate the pupil. The purpose of the meeting will be to ascertain the specific needs of the child and to determine how the school can best meet those needs. This is in keeping with best practice, keeps the best interests of the child to the fore and maintains the child's personal dignity.

		<p>The staff to be involved in this care will be identified and provision will be made for occasions when the particular staff involved are absent. A written copy of what has been agreed will be recorded, kept in the child's file and communicated to all parties involved.</p> <p>Two or more members of staff will be present when dealing with intimate care/toileting needs. Any deviation from the agreed procedure will be recorded and notified to the DLP and the parents/guardians.</p>
Accidents	An accident is defined as an unintentional incident that has occurred through nobody's fault yet might impact on the health and safety of a child.	While every precaution will be taken under our Health and Safety Statement to ensure the safety of children, we realise that accidents will happen. Accidents on yard will be noted in the yard book and dealt with on yard. More significant accidents will be noted in our Incident book and a phone call home will be made. First Aid will be administered in office/reception. If somewhere more private is needed to administer first aid, 2 members of staff will be present at all times.
One-to-one teaching Learning Support.	The Board of Management identify the risks that may be perceived in one to one teaching. This could relate to class teacher/Learning Support/Resource Teachers as well as any activity that involves a child in the care of one teacher/counsellor for the purposes of teaching and learning.	It is the policy in this school that one-to-one teaching is often in the best interest of the child Every effort is made to ensure that this teaching takes place in an open environment. Parents of children who are to be involved in one-to-one teaching will be informed and their agreement in writing sought. Work being carried out by Special Needs Assistants will be carried out under the direction of the class teacher in an open environment.
Sensory Room/Sensory Area	The Board of Management identify the risks that may be perceived in accompanying a child or children to the Sensory Room/Sensory Area.	The Sensory Room has a glass panelled door but will be left open if an adult accompanies a child there alone. The Sensory Area is located within a public space in the building (under the stairwell) where there is a constant flow of passers-by. A staff member sits outside the 'cave' while the child is inside. Equipment is certified compliant by the manufacturer.
Transition year students participating in work experience in the school	Risk of child being harmed in the school by volunteer or visitor to the school	Garda vetting of students participating in work experience is done through their school. Member of school personnel always present (i.e. TY student never left alone with child(ren)).
School Tours/Trips	The Board of Management have acknowledged the potential risk that bringing the children on tours and excursions might have.	School staff accompanying children on school tours/trips (including after school sporting events) will deliver a duty of care commensurate with the trip/venue. The higher the risk factor the lower the ratio of

		teacher/responsible adult to children. As per School Tour Policy, hired buses/vehicles must provide safe transportation and a functioning seatbelt for every child/adult and car seats if in car transport. Head count is completed at departure from every venue. Parental volunteers are recruited where required.
SETNS School Volunteers	Although mandatory vetting has been completed it is envisaged that unless the vetting process has been strictly adhered to, potential risks may occur.	The BOM of Swords Educate Together National School has requested that all adult school volunteers apply to be vetted through the National Vetting Bureau. This has been conducted to date.
Attendance	The Board of Management acknowledge the potential risk to child safety and welfare in the absence of measures to monitor attendance within a school.	School attendance is monitored carefully as per our attendance policy. With regards to Child Protection, we will pay particular attention to trends in non-attendance. We will also monitor non-attendance in correlation with signs of neglect/physical/emotional abuse. TESS will be informed of any concerns relating to a child's attendance. An Aladdin message is sent to parents of children who miss 10/20 days, following bi-annual returns completed by the school, in accordance with legislation.
Behaviour	Behaviour of children may pose a risk to the health, safety and welfare of other children.	Children are to be encouraged at all times to play co-operatively and to show respect for themselves and others. Our Code of Positive Behaviour clarifies this. If an incident occurs which we consider to be of a sexualised nature we will notify the DLP who will record it and respond to it appropriately. All children aware of the code of positive behaviour.
Bullying	The Board of Management acknowledges the risk that Bullying Behaviour poses to any child. We acknowledge the risk that peer/cyber and physical bullying poses to the school community.	Bullying behaviour will be addressed under our Anti-Bullying Policy. If the behaviour involved is of a sexualised nature or regarded as being particularly abusive, then the matter will be referred to the DLP. The Anti Bullying policy and procedures are reviewed annually with any issues being referred to the Board of Management as part of the the Principal's report at Board meetings and at staff meetings. Parents/children are also educated on the risks that cyber bullying poses through regular updates, workshops from external companies and parent information.
Children travelling in staff cars	The Board of Management acknowledges that this risk is rare as every effort is made to prevent this from occurring. The Board acknowledges that in exceptional circumstances there may be no other option.	In emergency or exceptional cases only where a staff car must be used to transport a child, children will never be taken alone in a staff car and where possible parental permission (verbal) will be sought.
Communication	The Board of Management acknowledges the importance of	Every effort will be made to enhance pupil-teacher communication. If pupils have

Without effective communication, children are put at risk and this is noted by the Board of Management as a potential risk to the safety of children.</p>	<p>concerns they will be listened to sympathetically. The SPHE/Oral Language/ETP programmes allow for open pupil-teacher communication, which is hoped will aid the pupil-teacher relationship.
